There truly are so many unique styles and color combinations of clothing that we strongly suggest one stops in to browse a current catalog and we can let you know estimate of cost and imprint option(s) related to that particular garment type.

VARIOUS PROMOTIONAL PRODUCTS

We will be adding to our standard product inventory as we explore thousands of items currently available. If you would like us to search for something for your next event, please give us an estimated total budget, number of items needed, timeline and overall goal of the program.

Most standard items in a quantity of 1-5 are a drop-in completion, while other items, larger quantities or if design work is required, an order may take additional time to complete, up to fifteen school days. Please be mindful and patient with us as this is a student lab, the space is not designed for high production quantities, and is intended to be both a service to the community, as well as a learning environment for our students.

CREATION C O R N E R

Creation Corner is a school-based enterprise
where GCI Visual Digital Communication students
are able grow their graphic design skills
and explore various print production methods.
We thank you in advance for your patience while we learn.

.....

Our Mission

*Creating inspirational design projects
with regional partners
that will affect change in our local communities.*

.....

Our three targeted publics include

*School Districts & School Employees
Non-Profit Associations
Entrepreneurial Start-Ups*

.....

Standard Hours of Operation

*Wednesday - Friday
9:00 AM - 10:30 AM • 12 Noon - 1:30 PM
Third Wednesday of each Month Sept-May
2:00 - 5:30 PM*

**Please note we are open during regular school sessions to engage VDC Students
in both design & print production at Creation Corner.
Our tentative schedule may vary due to district professional development,
scheduled vacation days and snow days (or any Genesee ISD closure).
We encourage you to email us at create@geneseeisd.org or call ahead 810.591.4422
to verify any change to the standard hours of operation.*
