NOTE: Information was not available for International Academy of Flint until 2005.

* The estimated One-Year completion/graduation rate is computed by averaging the individual class retention rates for the current year.

** The estimated Four-Year completion/graduation rate indicates, with no change in future retention rates, the percentage of 9th grade students who will complete their senior year of school and graduate. It is computed by multiplying the individual class retention rates together.

†The 2007 rates are based on a 4-year cohort.
