Two-Way, Collaborative Interactive Television Series Session 1: *EASY ITV; Introduction to ITV Equipment Controls*

Be prepared for a totally hands-on workshop that focuses operating the ITV equipment at your high school, middle school or elementary school! Even if you've already had the "basics" this is a great opportunity for a "refresher" course. Any of the three sessions will cover all the basics on:

- Logging onto the GenNET ITV equipment
- Features on the Touch Pad
- Manipulating various cameras in the GenNET room
- Incorporating the use of a computer into the GenNET system
- Showing movies and recordings sessions using VHS and/or DVD
- Using the document camera
- Becoming a "classroom producer" using the ITV equipment

Prerequisite: None

Target Audience: The perfect workshop for administrators, media specialists, teachers and district-wide professional development coordinators

Fall Sessions for HS and MS

Dates Available:

Friday, September 25, 2009
Thursday, October 22, 2009
Wednesday, November 11, 2009

Time: 3:00 - 4:30 pm

Location: Room 102A and TMS-5

Instructor: Martin Jennings

NO cost for GenNET participating educators
\$25.00 for educators outside Genesee County

Fall Sessions for Elementary

Dates Available:

Tuesday, September 29, 2009
Friday, October 16, 2009
Friday, November 20, 2009

Time: 4:00 - 5:30 pm

Location: Room 102A and TMS-5

Instructor: Martin Jennings

NO cost for GenNET participating educators
\$25.00 for educators outside Genesee County

Special Note

Registrations cancelled within three days of the start date will be liable for the full registration fee. "No Shows" will be responsible for payment in full.

Register online at www.geneseeisd.org— Click on Training, then Professional Development.
For questions, email instruct@geneseeisd.org or call GISD 591-4463.

Please register early to allow ample time for processing. Programs may be cancelled due to low enrollment—Early registrations will avoid unnecessary cancellations!

Two-Way, Collaborative Interactive Television Series Session 2: *INTO ITV; Participating in videoconferences and virtual fieldtrips*

Be prepared for a totally hands-on workshop that focuses on using two-way interactive ITV equipment at your high school, middle school or elementary school for professional development videoconferences, local collaborations and virtual field trips. A great follow-up to "mastering" ITV equipment controls.

- Hands-on Videoconferencing for beginners
 - Setting up and registering for collaborative videoconferences and virtual field trips
 - Where to find **FREE** collaborative videoconferences and virtual field trips from providers
 - Exploring videoconference data bases and locating content for events and programs related to curriculum
- Participate in a **REAL** virtual field trip, **FREE** of charge!

Prerequisite: "Easy ITV" session and/or previous building orientation sessions and ITV training

Target Audience: **Administrators, media specialists, teachers and district-wide professional development coordinators**

Fall Sessions for High School, Middle School, and Elementary

Dates Available:
Tuesday, October 27, 2009
Monday, November 23, 2009

Time: 4:00 - 6:00 pm
Location: Room 102A and TMS-5
Instructor: Martin Jennings

NO cost for GenNET participating educators
\$25.00 for educators outside Genesee County

Special Note

Registrations cancelled within three days of the start date will be liable for the full registration fee. "No Shows" will be responsible for payment in full.

Register online at www.geneseeisd.org— Click on Training, then Professional Development. For questions, email instruct@geneseeisd.org or call GISD 591-4463.

Please register early to allow ample time for processing. Programs may be cancelled due to low enrollment—Early registrations will avoid unnecessary cancellations!

PROGRAM DETAILS — PAGE 15

Two-Way, Collaborative Interactive Television Series – Session 3: *CREATING ITV; Exploring and creating collaborative ITV events for students and professional development among staff*

You know how to operate the equipment. You've been involved in a videoconference and/or a virtual field trip, now you're ready to create one of your own! Come prepared to collaborate with colleagues at all levels on how to CREATE, organize, set up and deliver a live, two-way interactive experience right in your own building! Content for this opportunity will include the following:

- Refresher tips for equipment use
- Resources for setting up a collaborative ITV experience
- Incorporating visual resources into an ITV experience
- Videoconference etiquette and "dress"
- Planning and writing a program
- Sharing a sample program with colleagues using an interactive site during the session

Prerequisite: "Easy ITV" session and/or previous building orientation sessions and ITV training

Target Audience: Administrators, media specialists, teachers and district-wide professional development coordinators

Fall Sessions for HS and MS

Dates Available:

Monday, October 12, 2009
Tuesday, November 10, 2009

Time: 3:00 - 5:30 pm
Location: Room 102A and TMS-5
Instructor: Martin Jennings

NO cost for Genesee County educators
\$25.00 for educators outside Genesee County

Fall Sessions for Elementary

Dates Available:

Monday, October 26, 2009
Tuesday, November 17, 2009

Time: 4:00 - 6:30 pm
Location: Room 102A and TMS-5
Instructor: Martin Jennings

NO cost for Genesee County educators
\$25.00 for educators outside Genesee County

Special Note

Registrations cancelled within three days of the start date will be liable for the full registration fee. "No Shows" will be responsible for payment in full.

Register online at www.geneseeisd.org— Click on Training, then Professional Development.
For questions, email instruct@geneseeisd.org or call GISD 591-4463.

Please register early to allow ample time for processing. Programs may be cancelled due to low enrollment—Early registrations will avoid unnecessary cancellations!

PROGRAM DETAILS — PAGE 16

Two-Way, Collaborative Interactive Television Series – ITV T.O.T.S: (Teaching on the System) 2 Day Session - 2 Hours Each Day

Two-day training sessions designed for upper and lower elementary school teachers to learn how to instruct in a distance learning classroom using two-way interactive television (ITV). Bring your course content "extras" and learn how to incorporate them into

Training will include:

- Review of basic equipment operation
- Tips and Tricks for teaching at a distance
- Teaching in collaborative situations between elementary school classroom teachers
- Engaging and enhancing extra-curricular activities during and after school
- Transitioning traditional classroom procedures and lessons to two-way interactive television
- Identifying additional resources to enhance traditional lessons
- Choosing your wardrobe for TV

Prerequisite: "Easy ITV" session and/or previous building orientation sessions and ITV training

Target Audience: Media specialists, teachers and district-wide professional development coordinators

Fall Sessions for Elementary

Dates Available:

Thursday, October 8, 2009
and Friday, October 9, 2009

or

Wednesday, November 4, 2009
and Thursday, November 5, 2009

Time: 4:00 - 6:00 pm

Location: Room 102A and TMS-5

Instructor: Martin Jennings

NO cost for GenNET participating educators
\$25.00 for educators outside Genesee County

Special Note

Please register early to allow ample time for processing. Programs may be cancelled due to low enrollment—Early registrations will avoid unnecessary cancellations!

PROGRAM DETAILS — PAGE 17

Two-Way, Collaborative Interactive Television Series – ITV Brush-Up: (Timely Tuesdays and Thursdays Using GenNET ITV Equipment) *2 Day Session - 2 Hours Each Day*

High School/Middle School Staff: Tuesdays (9/15/09, 10/13/09, 11/3/09) @ 3:00 pm
Elementary School Staff: Thursdays (9/17/09, 10/15/09, 11/12/09) @ 4:00 pm

The GenNET ITV equipment is ready to be turned on; you've had basic training, you've had an orientation session, but just need a short brush up and a few reminders to make sure you haven't forgotten some of the basics when operating your ITV equipment. Sign on for a short one-hour session right in your own GenNET ITV room for an opportunity to catch up on all the details.

Here's how it works:

- Each session will be delivered via GenNET ITV with a GISD staff member onsite at one of the up to four (4) participating sites for the ITV PD “brush-up.”
- Approximately 20 minutes will be spent covering equipment usage reminders
- Approximately 20 minutes will be spent covering setting up collaborations and virtual field trips
- Approximately 20 minutes will be spent for questions and answers

Fall Sessions

High School and Middle School Staff
Tuesdays (9/15, 10/13, 11/3/09)
Time: 3:00 - 4:00 pm

Elementary School Staff
Thursdays (9/17, 10/15, 11/12/09)
Time: 4:00 - 5:00 pm

NO cost for GenNET participating educators
\$25.00 for educators outside Genesee County

Special Note

Registrations cancelled within three days of the start date will be liable for the full registration fee. “No Shows” will be responsible for payment in full.

Register online at www.geneseeisd.org— Click on Training, then Professional Development.
For questions, email instruct@geneseeisd.org or call GISD 591-4463.

Please register early to allow ample time for processing. Programs may be cancelled due to low enrollment—Early registrations will avoid unnecessary cancellations!

READY FOR READING - TECHNOLOGY TOOLS IN THE K-2 CLASSROOM

This 4-day, high-demand professional development series has been designed to improve student achievement through best teaching practices, classroom management and the integration of curriculum and technology in the K-2 classroom.

The sessions engage participants in an intensive 24-hour, hands-on training experience that models successful early literacy lessons. This program also ensures that participants become proficient in the customization and delivery of the "Training Model" which can be used with other staff in their district and/or school.

Prerequisite: Basic computer skills

Target Audience: All K-2 Teachers

Fall Session

Date: October 26-27 and November 2-3, 2009
Times: 8:00 a.m. - 3:00 p.m. each day
Location: GISD, Room 102AB
Instructor: Floyd Braid, CEO, i3 Training Services

6 CEU credits and/or 2 University of Michigan-Flint graduate credits available
Lunch is on your own.

Spring Session

Date: March 1-2 and March 8-9, 2010
Times: 8:00 a.m. - 3:00 p.m. each day
Location: GISD, Room 102AB
Instructor: Floyd Braid, CEO, i3 Training Services

6 CEU credits and/or 2 University of Michigan-Flint graduate credits available
Lunch is on your own.

Cost: \$125.00 for GenNET Participating educators
\$175.00 for Non-GenNET Participating educators
FREE for GenNET Pioneer 3 and 4 educators

Winter Session

Date: January 12-13 and January 19-20, 2010
Times: 8:00 a.m. - 3:00 p.m. each day
Location: GISD, Room 102AB
Instructor: Floyd Braid, CEO, i3 Training Services

6 CEU credits and/or 2 University of Michigan-Flint graduate credits available
Lunch is on your own.

Summer Session

Date: June 14-17, 2010
Times: 8:00 a.m. - 3:00 p.m. each day
Location: GISD, Room 102AB
Instructor: Floyd Braid, CEO, i3 Training Services

6 CEU credits and/or 2 University of Michigan-Flint graduate credits available
Lunch is on your own.

ISTE National Educational Technology Standards (NETS) and Performance Indicators for Teachers - I, II, III, IV, V, VI

...AND ON THE 8TH DAY GOD CREATED GOOGLE!?

Description: Explore why the “divinely inspired” Google is changing the way teachers and students teach and learn in our schools...and not always for the better. Learn the many aspects of the Google search tool and how to effectively teach them to students. Discover why Google is no longer just a search tool. This session will explore many of the Google Tools (iGoogle, Picasa, News Search, Image Search, Scholar, and Google Docs) and how they can enhance your instruction for greater engagement.

Prerequisite: Basic computer skills

Target Audience: All K-12Teachers

Limited to 10 participants per session.

Fall Session

Date: September 9, 2009

Times: 8:00 a.m. - 3:00 p.m.

Location: GISD, TMS 4

Instructor: Floyd Braid

Cost: \$125.00 for GenNET Participating educators
\$175.00 for Non-GenNET Participating educators
FREE for GenNET Pioneer 3 and 4 educators

CREATING TEACHER AND STUDENT BLOGS

Description: Blogs can be powerful tools to enhance instruction and greater engagement of your students in all forms of writing. Come explore how blogs can be used in your classroom to improve student writing. Participants will utilize WordPress to set up a teacher and or student blog, learn how to manage and protect bloggers when they are sharing online and how to use blogs as a student writing portfolio and collaborative writing tool.

Prerequisite: Basic computer skills

Target Audience: All K-12Teachers

Limited to 10 participants per session.

Fall Session

Date: September 10, 2009

Times: 4:00 p.m. - 7:00 p.m.

Location: GISD, TMS 4

Instructor: Floyd Braid

TEACHING & LEARNING ONLINE - EFFECTIVELY FACILITATING AN ONLINE OR BLENDED COURSE

In this course, educators will learn the skills necessary to teach and manage an online or blended course. Educators will develop skills that will allow them to aid students in meeting the new MMC Online Experience requirement. Netiquette, issues of copyright and plagiarism, building online community, communicating effectively and management of student dynamics will be explored. The content is applicable for either teaching totally online or creating a blended course.

Prerequisite: Basic computer skills

Target Audience: All K-12 Teachers, All K-12 Administrators, and Media Specialists

Fall Day Session

Date: October 26, 2009
Times: 9:00 a.m. - 12:00 noon
Location: GISD, Room 101
Instructor: Lori Banaszak

Followed by 4 consecutive
weeks online
(3 hours per week) ending
November 23, 2009

Fall Evening Session

Date: October 26, 2009
Times: 4:00 p.m. - 7:00 p.m.
Location: GISD, Room 101
Instructor: Lori Banaszak

Followed by 4 consecutive
weeks online
(3 hours per week) ending
November 23, 2009

The ISTE National Educational Technology Standards (NETS•T) and Performance Indicators for Teachers

Effective teachers model and apply the National Educational Technology Standards for Students (NETS•S) as they design, implement, and assess learning experiences to engage students and improve learning; enrich professional practice; and provide positive models for students, colleagues, and the community. All teachers should meet the following standards and performance indicators. Teachers:

1. Facilitate and Inspire Student Learning and Creativity

Teachers use their knowledge of subject matter, teaching and learning, and technology to facilitate experiences that advance student

learning, creativity, and innovation in both face-to-face and virtual environments. Teachers:

- a. promote, support, and model creative and innovative thinking and inventiveness
- b. engage students in exploring real-world issues and solving authentic problems using digital tools and resources
- c. promote student reflection using collaborative tools to reveal and clarify students' conceptual understanding and thinking, planning, and creative processes
- d. model collaborative knowledge construction by engaging in learning with students, colleagues, and others in face-to-face and virtual environments

2. Design and Develop Digital-Age Learning Experiences and Assessments

Teachers design, develop, and evaluate authentic learning experiences and assessments incorporating contemporary tools and resources to

maximize content learning in context and to develop the knowledge, skills, and attitudes identified in the NETS•S. Teachers:

- a. design or adapt relevant learning experiences that incorporate digital tools and resources to promote student learning and creativity
- b. develop technology-enriched learning environments that enable all students to pursue their individual curiosities and become active participants in setting their own educational goals, managing their own learning, and assessing their own progress
- c. customize and personalize learning activities to address students' diverse learning styles, working strategies, and abilities using digital tools and resources
- d. provide students with multiple and varied formative and summative assessments aligned with content and technology standards and use resulting data to inform learning and teaching

3. Model Digital-Age Work and Learning

Teachers exhibit knowledge, skills, and work processes representative of an innovative professional in a global and digital society. Teachers:

- a. demonstrate fluency in technology systems and the transfer of current knowledge to new technologies and situations
- b. collaborate with students, peers, parents, and community members using digital tools and resources to support student success and innovation
- c. communicate relevant information and ideas effectively to students, parents, and peers using a variety of digital-age media and formats
- d. model and facilitate effective use of current and emerging digital tools to locate, analyze, evaluate, and use information resources to support research and learning

4. Promote and Model Digital Citizenship and Responsibility

Teachers understand local and global societal issues and responsibilities in an evolving digital culture and exhibit legal and ethical

behavior in their professional practices. Teachers:

- a. advocate, model, and teach safe, legal, and ethical use of digital information and technology, including respect for copyright, intellectual property, and the appropriate documentation of sources
- b. address the diverse needs of all learners by using learner-centered strategies and providing equitable access to appropriate digital tools and resources
- c. promote and model digital etiquette and responsible social interactions related to the use of technology and information
- d. develop and model cultural understanding and global awareness by engaging with colleagues and students of other cultures using digital-age communication and collaboration tools

5. Engage in Professional Growth and Leadership

Teachers continuously improve their professional practice, model lifelong learning, and exhibit leadership in their school and professional

community by promoting and demonstrating the effective use of digital tools and resources. Teachers:

- a. participate in local and global learning communities to explore creative applications of technology to improve student learning
- b. exhibit leadership by demonstrating a vision of technology infusion, participating in shared decision making and community building, and developing the leadership and technology skills of others
- c. evaluate and reflect on current research and professional practice on a regular basis to make effective use of existing and emerging digital tools and resources in support of student learning
- d. contribute to the effectiveness, vitality, and self-renewal of the teaching profession and of their school and community
